Agenda item 2: Public Interaction and Feedback (continued)

For the period May 10 – June 13, 2018 Website input

- "Please confirm that video, audio and minutes of all meetings going back to 2014 in relation to Route 29 solutions will be archived and publicly accessible indefinitely into the future - or at least for the next ten years. I hope the Hydraulic plan moves forward as efficiently as possible taking account of any legitimate concerns."

Rt 29 Solutions

Agenda item 4: Update on SMART SCALE Applications

Transit Update

Rt 29 Solutions

Agenda item 4: Update on SS Applications – Transit Update

- **Revision to proposed statement of intent for Smart Scale application:**

“In coordination with CAT and JAUNT, the project will include transit improvements such as new or relocated stops, bus shelters, and / or route modifications. The transit system is an important component to this growing community and transit improvements to the network will help improve accessibility and connectivity in the study area.”

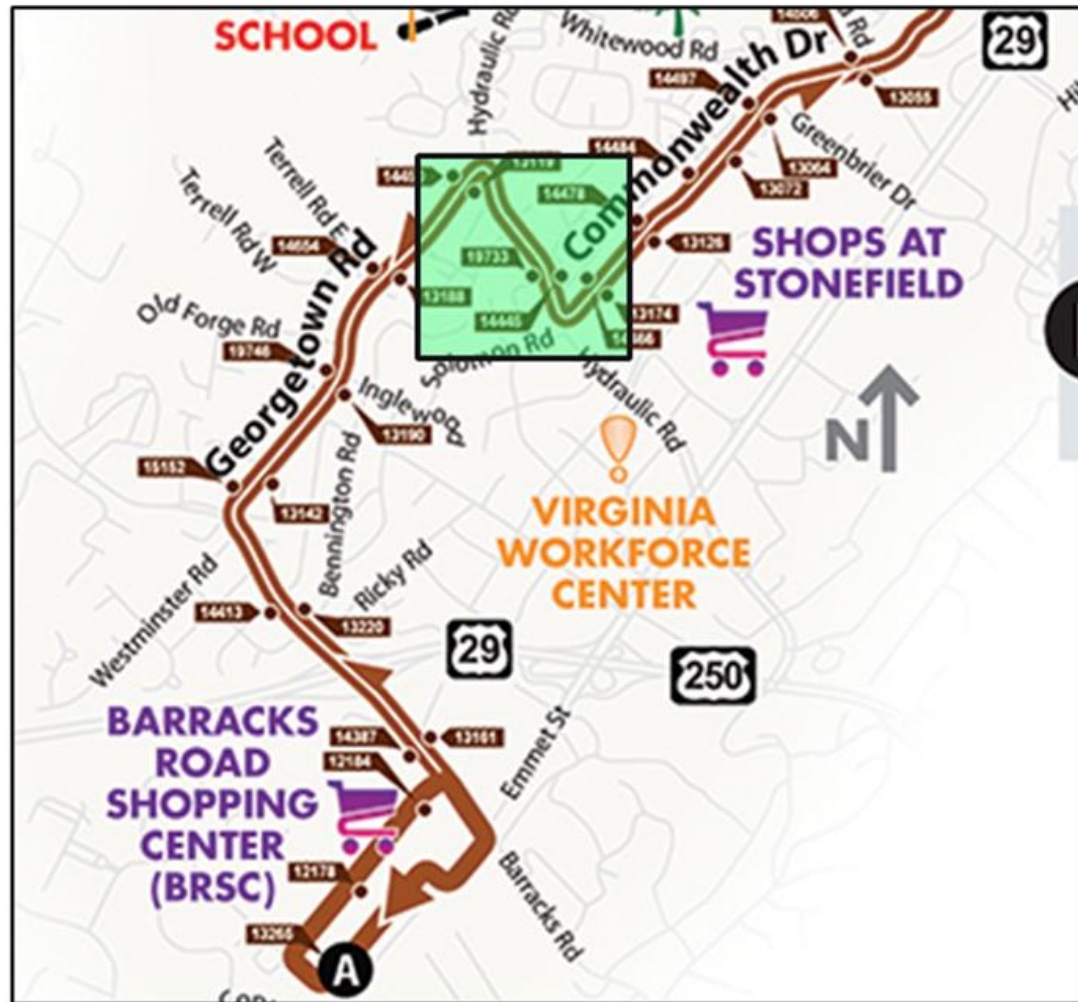

- **The technical team has re-engaged local transit agencies to discuss opportunities for transit improvements.**
