UPC – 110333

All comments submitted will become a part of the public record and will be made available to the public.

Name: (optional) \_\_\_\_\_

Address: (optional) \_\_\_\_\_

Three scenarios for transportation improvements at the Route 29-Hydraulic Road intersection and adjacent roads have been developed by the Hydraulic Planning Advisory Panel. The comments received at this meeting will be used by the panel as it refines the scenarios into a project proposal to be submitted for funding through VDOT’s SMART SCALE process later this year.

Which scenario do you prefer? Circle one.

**Scenario 1**  
**Grade Separation**

**Scenario 2**  
**Continuous Flow**

**Scenario 3**  
**Grade Sep. Round.**

**None of the Scenarios**

Please explain your selection:

Please provide us with any additional information that you believe will assist the Hydraulic Planning Advisory Panel in selecting the preferred scenario to move forward.

Was the information at tonight’s meeting presented in a way that was easily understood, and was project staff able to answer your questions and concerns? **YES NO**
