The standing agenda items for the June 9, 2016, meeting of the Panel will be suspended. Panel members will tour the Rt. 250 / Rt. 29 project and will view progress at the Rio Grade-Separated Intersection project. Observations, and the results of previous actions taken to address observations will be viewed and discussed.

No new agenda items will be discussed and no new business will be conducted.

NOTE: Because this tour is off-site from the usual meeting place, the tour will not be live-streamed.
